## Essential features and performance at the most competitive price

# HP L1710 Flat Panel Monitor

Do you need an essential, affordable LCD monitor for your everyday application, e-mail, and Internet viewing? The HP L1710 17-inch LCD Monitor offers a 17-inch diagonal viewable screen and essential image presentation features at a competitive price for everyone from small and medium businesses to larger corporate environments.

### What's new
This monitor presents several new features over the previous-generation Essential series, including: improved front-of-screen performance: higher contrast ratio and wider viewing angles; power button disable: prevents users from turning off the monitor, if desired; power LED on/off control: disables the green power light on the front to minimize distraction.

### User comfort features
In addition to wider viewing angles, a full range of tilt settings helps users find a comfortable viewing position. A fully detachable base makes this monitor easy to mount, and the slim, stylish, lightweight profile simplifies handling and portability.

### Smart software
HP Display LiteSaver allows Sleep mode scheduling at preset times to help protect against image retention and lower power consumption and energy costs. HP Display Assistant enables theft deterrence, monitor adjustment, and color calibration through the connected PC.

### Assured compatibility
This monitor offers guaranteed out-of-the-box compatibility with HP business PCs, workstations, and notebooks, and is also compatible with all HP LCD monitor options, including: HP LCD Speaker Bar; HP Quick Release; HP Compaq 7000 Series Ultra-slim Desktop Integrated Work Center Stand. See page two for more information on these productivity-enhancing products.

### Service and support
The HP L1710 monitor comes with a three-year limited warranty, which makes it easy for IT departments to purchase, install, and maintain. The HP warranty is supported by 65,000 IT service and support professionals in 160 countries around the world.
